RIVERSIDE POLICE DEPARTMENT RECEIVES GRANT FOR SPECIAL TRAFFIC ENFORCEMENT AND CRASH PREVENTION

Riverside Police Department has been awarded a \$125,086 grant from the California Office of Traffic Safety (OTS) for a year-long program aimed at preventing deaths and injuries on our roadways through special enforcement and public awareness efforts. The grant received by the city of Riverside will aid in their ongoing effort to improve traffic safety and the quality of life. Riverside Police Department will use the funding as part of its commitment to keep our roadways safe through both enforcement and education.

The grant will assist in efforts to deal with traffic safety problems and to reduce the number of persons killed and injured in traffic collisions. While traffic deaths from all causes declined by nearly 39 percent between 2006 and 2010 in California, state and federal officials anticipate that figures will show a slight rise in 2011. DUI deaths remain the largest sector, at nearly 30 percent of traffic fatalities. Recent trends show increases in two new categories – distracted driving and drug-impaired driving.

Activities funded by the grant include:

- Specialized DUI and drugged driving training such as Standardized Field Sobriety Testing (SFST), Advanced Roadside Impaired Driving Enforcement (ARIDE), and Drug Recognition Evaluator (DRE).
- DUI saturation patrols
- Motorcycle safety enforcement
- Distracted driving enforcement
- Seatbelt and child safety seat enforcement
- Speed, red light and stop sign enforcement
- Warrant service operations targeting multiple DUI offenders
- Compilation of DUI "Hot Sheets," identifying the worst-of-the-worst DUI offenders
- Court "sting" operations to cite individuals driving from court after having their driver's license suspended or revoked for drunk driving
- Stakeout operations to observe the "worst of the worst" (defined as repeat DUI offender probationers with suspended or revoked driver's licenses)

"Despite the recent increases, California's roadways are still very much safer than they were before 2006," said OTS Director Christopher J. Murphy. "The Riverside Police Department will be keeping the pressure on through enforcement and public awareness so that we can continue saving lives and reach the vision we all share – *Toward zero deaths, every 1 counts.*"

Funding for this program is from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.
